

Four Paws on Holiday

LifeClass hotels are home to calm, clean and well-mannered pets who are used to human and animal companionship.

They are welcome with their owners at Hotel Slovenija, Grand Hotel Portorož, Wellness Hotel Apollo, Hotel Riviera and Hotel Mirna at an extra fee. To ensure a pleasant stay for everyone, we have prepared a guide for you and your four-legged companions.

Clean room, happy guests

We want to keep your room fresh and clean. Please make sure your four-legged friend is with you at the time of cleaning, because our team doesn't know them that well. At the reception you can arrange a cleaning time that suits you.

Culinary delights in company

For the guests of Hotel Mirna, we have prepared a special corner in front of the hotel restaurant, where you can enjoy breakfast or dinner together with your four-legged friend in a quiet and safe place. You also welcome to the terraces of our outdoor bars and restaurants (Café Central, Istrian bistro & Tapas bar, SOuL Bar, Bar Riviera, Corso, Meduza Beach Club, Bar Meduza Exclusive).

The hotels' restaurants create experiences exclusively for you, so your pet will be waiting for you in your room.

Terme Portorož

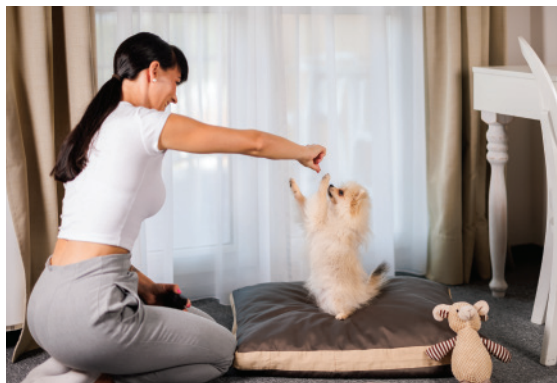

The spa facilities are designed for your relaxation, so four-legged guests will have to wait in the room. Their relaxation awaits them on the nearby walking paths and lawns.

A jump into the sea

There are several beaches in our area where your four-legged pets are welcome. Near our resort, you can visit the new Monty's Dog Beach and fully enjoy a day on the beach.

The hotel's beach is exclusively for you, dear guests. You can check the list of beaches on the QR code.

You are responsible for the actions of your four-legged friends, including any compensation and costs incurred in the event of damage to property. All further information are available at the hotel reception.

Four-legged guests must never be left unsupervised. If this does happen, please inform the hotel reception and leave a phone number for the receptionist to call you if necessary. If you hire a person to look after your pet in your absence, please inform the hotel reception.
